

## VENTURA COUNTY BOARD OF EDUCATION

**BOARD POLICY NO. 0420.4**

**ADOPTED: 2/24/97**

**CLASSIFICATION: Philosophy, Goals and  
Comprehensive Plans**

**REVISED: 11/22/99**

**SUBJECT: Charter Schools**

---

The County Board of Education (Board) encourages the establishment of charter schools in Ventura County as an integral part of the California educational system. The Board believes that charter schools provide one opportunity to implement school-level reform and to support innovations which improve student learning and enable students to become self-motivated, competent, and lifelong learners. These schools shall operate under the provisions of their charters, specific state and/or federal laws, Title 5, California Code of Regulations adopted by the State Board of Education, and general oversight of the chartering authority.

While maximizing operational flexibility, the charter school petition shall include compliance-based components or other provisions mandated by law. The County Superintendent of Schools shall establish an administrative regulation for the process of submission, review, evaluation, and preparation of written findings for a charter petition submitted to the Board prior to Board action. The administrative regulation is designed to:

1. Specify details for the granting or denying of a charter petition.
2. Identify the process for submitting a charter petition.
3. Establish guidelines to determine if a charter petition is consistent with the intent of the law and sound educational practice to accomplish the goals and objectives of the Charter Schools Act.
4. Give direction for performing a critical evaluation of the soundness of the proposed educational program and the likeliness of its successful implementation.
5. Provide a process to ensure sound fiscal solvency and procedures.
6. Provide a plan for effective parental involvement in curricular and extra curricular (school related) activities.
