## Charter Petition and Appeal Review Process

*Petition Presented Directly to VCBE for the Establishment of a Countywide Charter  
or on Appeal Following Denial by a School District*

***"The mission of the Ventura County Office of Education is to provide quality services and support for life-long learning opportunities."***

The Board of Education and the staff of the Ventura County Office of Education (VCOE) view the responsibility to provide a quality education to all of the children in Ventura County as a serious undertaking. In that light, we are interested in authorizing only high quality charter schools that:

- Reflect our mission of ensuring the success of all students
- Implement effective approaches to educating students
- Implement effective instructional strategies to serve underperforming populations
- Narrow the achievement gap among students of various backgrounds
- Demonstrate fiscal viability
- Provide sound governance that is free of conflict of interest

The foundational document guiding all charter school operations is the charter. An approved charter is a performance contract between VCOE and the charter school. As such, terms of the contract must be delineated as clearly as possible, especially with regard to student performance measures. A comprehensive, well-written petition provides clear operating procedures for the charter school and objective measures to which VCOE will hold the charter school accountable.

This petition or appeal submission packet is designed to give petitioners a clear outline of what VCOE considers to be a "reasonably comprehensive" charter petition.

***Starting a charter school is hard work, and the foundation must be well laid in order to ensure success!***

## Charter Review Process

*Petition Presented Directly to VCBE or on Appeal Following Denial by a School District*

### **B. Petition Review**

The petition for a charter school is reviewed utilizing the Ventura County Office of Education "Charter School Petition Review Checklist" presented as a part of this application packet. Charters presented directly to VCBE or on appeal following denial are reviewed pursuant to all relevant California Education Codes.

#### **Reasonably Comprehensive Description**

According to California Code of Regulations, 5 CCR § 11967.5.1 (g) *A reasonably comprehensive description, within the meaning of subdivision (f) of this section and Education Code section 47605(b)(5) shall include, but not be limited to, information that:*

1. *Is substantive and is not, for example, a listing of topics with little elaboration*
2. *For elements that have multiple aspects, addresses essentially all aspects of the elements, not just selected aspects*
3. *Is specific to the charter petition being proposed, not to charter schools, or charter petitions generally*
4. *Describes, as applicable among the different elements, how the charter school will:*
  - A. *Improve pupil learning*
  - B. *Increase learning opportunities for its pupils, particularly pupils who have been identified as academically low achieving*
  - C. *Provide parents, guardians, and pupils with expanded educational opportunities*
  - D. *Hold itself accountable for measurable, performance-based pupil outcomes*
  - E. *Provide vigorous competition with other public school options available to parents, guardians, and students*

The Ventura County Governing Board and the VCOE staff view 5 CCR § 11967.5.1 (g) as meaningful guidelines for reviewing charter applications and have incorporated this guidance into the "Charter School Petition Review Checklist."

### **C. Petitioner Team Capacity Interview** *(At the request of VCOE)*

In addition to a review of the charter petition, VCOE Staff may elect to interview the petitioner team and the Board of Directors to gauge the experience and expertise of its members in the areas of:

- Curriculum, instruction and assessment
- Finance and business operations
- School administration, including on-site leadership and on-site financial management
- School governance

If requested by VCOE, this interview is mandatory and must be attended by members of the petitioner team who have expertise in all of the above areas. If a Board of Directors has been identified, at least two members must attend.

### **D. Ventura County Board of Education Approval Process**

Within the guidelines delineated in Education Code § 47605, the Ventura County Board of Education will make a final decision regarding the granting or denial of the charter petition. Petitions may be approved with conditions, including but not limited to the following:

- For a classroom-based program, that a site be secured with an appropriate Certificate of Occupancy 45 days prior to the opening of school
- That the school's student recruitment process not begin until the above condition has been met
- That a qualified principal be hired prior to the opening of the school and that the charter school notify Ventura County Office of Education's Charter Schools Unit 45 days prior to the opening of the school
- That the charter school and the Ventura County Office of Education ensure that all required elements of Memorandums of Understanding (MOUs) have been addressed

The Board of Education will not deny a petition unless it makes written factual findings setting forth specific facts to support one or more of the following:

- The charter school presents an unsound educational program for students
- The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition
- The petition does not contain the required number of signatures
- The petition does not contain the necessary affirmations
- The petition does not contain reasonably comprehensive descriptions of the required elements for a charter school
