This list offers a snapshot of some programs. The CDE Website (www.cde.ca.gov/ci/) will offer the most recent and comprehensive list of adopted and approved programs. **Instructional Materials Funding Realignment Program (IMFRP)** funds can be used to purchase items on the above CDE website list. Items placed upon this list shall remain State Board adopted, and available for ordering purposes, from the date of the adoption of the item until the State Board of Education (SBE) adopts a new list for this subject area. The SBE is currently scheduled to adopt a new list in this subject area in 2008. **Legal and Social Compliance:** Although these instructional materials are not adopted by the State Board of Education (SBE), they are approved as for legally and socially compliant by the CDE committee. After districts have certified that each pupil has been provided with adopted, standards-aligned basic instructional materials, the district may use any remaining state Instructional Materials Funding Realignment Program/Instructional Materials Block Grant (IMFRP) funds to purchase supplementary materials that have either passed this state legal and social compliance review or a local regional review. Districts also receive restricted lottery funds that may be used to purchase any instructional materials, including materials from this state specific list.
