English Language Development Standards

The English language development (ELD) standards, ELD video series, information, and resources to assist local educational agencies (LEAs) enhance integrated and designated ELD instruction for English learner students.

California *Education Code (EC)* Section 60811 requires the State Board of Education to approve English language development (ELD) standards for pupils identified as English learners. The standards shall be comparable in rigor and specificity to the standards for English language arts (ELA), mathematics, and science.

The ELD videos for the remaining grades will be available soon.

The California Department of Education developed a series of videos demonstrating integrated ELD instruction and its related designated ELD instruction during ELA, mathematics, and science. The Integrated and Designated ELD Video Series demonstrates the relationship between the *California English Language Development Standards (CA ELD Standards)* and the state content standards. When used in tandem, English learner students build English proficiency, refine academic use of English, and access subject area content in transitional kindergarten/kindergarten through grade twelve.

The videos in this series feature teachers delivering integrated and designated ELD instruction to English learner

ELD Video Series: Administrator's Guide for Facilitating Remote Professional Learning

- Will be posted with the ELD video series

Professional Learning Guide

- The video series is designed to be viewed over a series of sessions throughout a school year.
- This professional learning guide contains ideas for each stage of professional learning using the ELD videos:
 - **Into:** Setting the Stage for Professional Learning
 - **Through:** Viewing and Analyzing the ELD Videos
 - **Beyond:** Applying Learning

Focused on leading effective remote professional learning:

- Connections to the Quality Professional Learning Standards
- Includes remote learning activities and resources

Professional Learning Guide: Sample Activity

Sample Virtual PL Activity:

Focus question: What have been our successes and challenges with implementing ELD instruction during distance learning?

Tools and Materials:

- A digital meeting platform that allows breakout rooms, such as Zoom, available on the Zoom website at <https://zoom.us>.
- A shared space to add ideas in breakout groups, such as Google Slides, available on the Google Slides website at <https://www.google.com/slides/about>.
 - Template for this activity available at <http://bit.ly/SuccessesChallengesTemplate>

Timeframe: 45 minutes

Activity:

Introduce the activity with the whole group. Then, break participants into breakout rooms by grade level, grade span, subject area, or course team.

Sample Section (Page 10): Principle and Element

EL ROADMAP PRINCIPLE 2: INTELLECTUAL QUALITY OF INSTRUCTION AND MEANINGFUL ACCESS

English learners engage in intellectually rich, developmentally appropriate learning experiences that foster high levels of English proficiency. These experiences integrate language development, literacy, and content learning as well as provide access for comprehension and participation through native language instruction and scaffolding. English learners have meaningful access to a full standards-based and relevant curriculum and the opportunity to develop proficiency in English and other languages.

ELEMENT 2.A: INTEGRATED AND DESIGNATED ELD

Language development occurs in and through subject matter learning and is integrated across the curriculum, including integrated ELD and designated ELD (per the *English Language Arts (ELA)/ELD Framework*).

Sample Section (Page 10):

What Teachers Can Do to Engage Multilingual Learners

WHAT TEACHERS CAN DO TO ENGAGE MULTILINGUAL LEARNERS:

Develop learning plans and schedules that include both integrated and designated ELD instruction for English learners during distance learning.

Sample Section (Pages 10–11): Examples and Resources

EXAMPLES AND RESOURCES:

EXAMPLE (all educators): [CDE ELD Standards web page](#): This page includes a link to the *California ELD Standards* as well as other information and resources. During designated ELD time, these standards should be used for focused instruction to assist English learners to develop the critical English language skills necessary for academic content learning in English. During integrated ELD, these standards should be used in tandem with the state-adopted academic content standards.

RESOURCE (all educators): [CDE SBE-Adopted ELA/ELD Framework Chapters web page](#): This page includes links to the *ELA/ELD Framework* by chapter. This framework provides a blueprint for the implementation of two sets of interrelated standards: the *California Common Core State Standards for English Language Arts and Literacy in History/Social Studies, Science, and Technical Subjects* and the *California ELD Standards*.

Sample Section (Page 11): Examples and Resources

EXAMPLE (all educators): [Sanger Unified School District Sanger Learners ELD web page:](#)

This web page includes links to model choice boards that include ELD as well as Google slides and a screencast providing an overview of how choice boards work. Choice boards can be adapted or revised to fit the needs of English learners.

EXAMPLE (all educators): [San Diego County Office of Education \(SDCOE\) Learning Units](#)

[of Study web page:](#) This web page from the SDCOE Curriculum and Instruction, Multilingual Education and Global Achievement (MEGA), and Innovation Departments include distance learning units of study for kindergarten through grade twelve that are focused on grade level essential learnings in each content area. These units were purposefully designed to integrate content and provide flexibility and choice. The units of study connect content in the following areas: ELA, ELD, mathematics, science, history/social science, arts, computer science, and physical education through integrated study in kindergarten through grade five and thematic units in grades six through high school. Assessment opportunities (formative and summative) and student feedback are embedded and intentionally developed. These open-source units are being developed in Google Drive to ensure maximum flexibility for districts to use them with their preferred distance learning instructional platform.

Sample Section (Pages 11–12): Examples and Resources

RESOURCE (all educators): The Curriculum and Instruction Steer Committee (CISC) ELA/ELD Subcommittee developed a document available on the CISC ELA/ELD Subcommittee Google Drive titled, “[Considerations for Inclusivity and Support Within Designated ELD in Remote Learning](#).” This document was developed to assist educators in identifying high-priority practices for designated ELD in a distance learning setting. The CISC ELA/ELD Subcommittee curated resources and offered examples to illustrate what this new context of instruction could feel like for language learning as part of students’ remote learning experiences.

EXAMPLE (all educators): COMING SOON: CDE ELD videos: These videos will demonstrate both integrated and designated ELD in action and can be used as models for teachers providing designated and integrated ELD.

RESOURCE (all educators): COMING SOON: CDE *Improving Education for Multilingual and English Learner Students: Research to Practice*: The publication is designed to support LEAs to implement the EL Roadmap Policy in schools and improve instruction for both English learners and other students learning multiple languages.

State Seal of Civic Engagement

Legislative Intent

“It is the intent of the Legislature to establish a State Seal of Civic Engagement (SSCE) to encourage, and create pathways for, pupils in elementary and secondary schools to become civically engaged in democratic governmental institutions at the local, state, and national levels.”

-California *Education Code (EC)* Section 51470

Criteria Adoption

On September 10, 2020, the State Board of Education (SBE) adopted criteria and guidance for awarding a SSCE.

- Adopted criteria and implementation guidance are available at <https://www.cde.ca.gov/pd/ca/hs/hssstateaseal.asp>.
- Watch the SBE discuss the SSCE criteria at <https://bit.ly/2HFT8r9>

Key State-Level Activities

Date	Event
October 2017	Assembly Bill 24 signed into law
November 2018	Convening of SSCE Advisory Group
January–February 2019	Drafting of SSCE criteria
March–April 2019	Public review, comment, and edits
July 2019	Draft criteria presented to the SBE
August 2019	SBE Information Memorandum on incorporating the SSCE into the College and Career Indicator
September 2019	Revised draft criteria presented to the SBE
September 2020	Final criteria adopted by the SBE
January 31, 2021	Statutory deadline for the SBE to take action

Student Eligibility

Who is eligible to earn the SSCE?

- ☐ Any pupil enrolled in California public schools, direct-funded charter schools, the juvenile justice system, and/or in alternative school settings up through grade twelve
- ☐ Students may earn an SSCE in either grades eleven or twelve, for purposes of affixing insignia to a transcript to use in college or work applications.
- ☐ Local education agencies (LEAs) may develop local means of recognition for younger students as a pathway to earning the SSCE

Placement of Insignia

Where can the insignia be placed?

- High School Diplomas
- General Educational Development Certificates
- Certificates of Completion
- Transcripts (grades eleven and/or twelve)

Ordering Insignias

How do LEAs order insignias?

- The CDE is developing an online Insignia Request Form and additional guidance to help LEAs order insignias.
- LEAs will complete this form online to order insignias
- One seal per eligible student may be affixed to the diploma, certificate, or transcript

Ordering Insignias

When can LEAs order insignias?

- LEAs should submit the online Insignia Request Form a minimum of four weeks prior to the date the insignia is required
- The Insignia Request Form will be available by the spring of 2021 on the SSCE web page at <https://www.cde.ca.gov/pd/ca/hs/hssstateaseal.asp>.

Ordering Insignias

Is there a charge for insignias?

- Per California *EC* sections 51470–51474, no fee may be charged to LEAs or students for a SSCE

Next Steps for the CDE

1. Provide technical assistance, including presentations and webinars, to support LEAs with adoption of local criteria, programming, and ordering of insignia.
2. Disseminate resources for LEAs use in developing local criteria and programming, through web pages, Twitter, and the HSS newsletter.
3. Support stakeholder groups with identifying, promoting, and scaling local civic engagement programs from early-adopter LEAs.

Next Steps for LEAs

1. Begin to develop civic engagement opportunities for awarding the SSCE in local contexts
 - Develop local criteria
 - Develop pathways to define and recognize civic engagement leading towards a SSCE
 - Design local programming (performance tasks, capstone projects, assessments)
2. Connect with local and statewide organizations to gather support and resources for early-adopting LEAs

- California is still required to assess students in 2020–21 in CAASPP and ELPAC
- Physical Fitness Test is suspended while a study is in progress
- National Assessment of Educational Progress 2021 postponed to 2022

What We Do Not Know

- Spread and impact of COVID-19
- LEAs learning models in coming months
- Influence of new Biden administration on testing requirements

Plans for Testing - ELPAC

- Initial and Summative ELPACs will continue to be available through in person testing, remote testing, and paper and pencil testing.
- CDE and ETS are recommending a delay in the Alternate ELPAC Operational Field Test

Confirmation coming soon...

Plans for Testing - CAASPP

- Revised shortened test blueprint for Smarter Balanced summative assessments for ELA and mathematics
- Other CAASPP assessments will remain at current length
- Paper forms, and paper Braille forms will remain full length
- Investigating the implementation of multiple options for testing: in-person, remote, or hybrid

What We Are Working On

- Considerations for test administration of alternate assessments
- Recommendation to delay Alternate ELPAC operational field test

How We Can Work Together

- CDE webinars (November, January, March)
- ETS trainings and webinars
- California Technical Assistance Center support
- Regional Assessment Network representatives support
- LEA Coordinator feedback

ENGLISH LEARNER ROADMAP ALIGNED LCAP TOOLKIT WORKSHOP

Using Research-Based tools to Promote Equity for English Learners

This interactive workshop will help LEA teams design an LCAP that is aligned to the research-based CA English Learner Roadmap policy and focuses on identifying actions, services, programs, and resources that ensure equitable opportunities and outcomes for English Learners. Participants will engage with the resources included in the Toolkit and explore the ways they might be used to identify and analyze the needs of their English Learners. Alignment with EL Roadmap principles and elements will be highlighted.

Specifically, the English Learner Research Aligned Rubrics will be reviewed to understand how they can be used as a tool to:

1. analyze the strengths and limitations of their proposed English Learners programs and services in their existing LCAP
2. prioritize focus areas to refine and bolster future annual LCAP development, refinement, and updates.

The training will help LEA teams to identify the Dashboard data and how to use the additional features that are a click away to focus on the achievement of ELs, and more effectively understand the achievement and status of their ELs.
