

## Health Educators Community of Practice

### California Health Education Framework Community of Practice

The Health Education Community of Practice is a group that shares a passion for health education and are inspired to learn more to improve their art of teaching.

#### JOIN US:

Sessions will include a deeper dive in the Health Education Framework, including:

- Content areas and the use of common language
- Connecting the link between Content Standards and the Framework
- Standards-based instructional design and model UDL lessons
- Policy and the use of health education data
- Shared experiences and lessons from the field
- Health Education resources/tools

#### DETAILS:

Each session will be on different topics.

Attendance at the first COP is not required for attendance at the second session.

Intended audience: Health education teachers and administrators.

#### Cost: FREE

Ventura County Office of Education  
5100 Adolfo Road, Camarillo, CA 93012
