

# Exploring Sensory & Assistive Technology Strategies

**OCTOBER 22, 2026**

**8:00 – 11:30 AM**

**VCOE Conference Center**  
5100 Adolfo Road, Camarillo CA

## *About This Training*

Belonging is a cornerstone of early childhood education. Sensory supports and assistive technologies play a vital role in promoting belonging by supporting children identified with a variety of learning needs.

This workshop offers strategies for early childhood educators (P-3) to effectively integrate sensory and assistive technology into their classrooms to create a sense of belonging for all learners.

## Register Now!
