**Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of the changes your LEA has put in place. LEAs are strongly encouraged to provide descriptions that do not exceed 300 words.**

Provide an overview explaining the changes to program offerings that the LEA has made in response to school closures to address the COVID-19 emergency and the major impacts of the closures on students and families.

ACE has made the entire learning platform virtual through google apps for education, and has modified the senior presentations. Our pre-existing situation at ACE was a hybrid model, which made the transition easy. Our school was not able to distribute all IB assessments for seniors.

Provide a description of how the LEA is meeting the needs of its English learners, foster youth and low-income students.

ACE put a plan in place to modify instruction for students through an individualized lens. Our front office staff and administration reach out to all students regularly. We took the first 5 days of home instruction to conduct wellness checks, and gave internet hotspots and technology to all in need.

Provide a description of the steps that have been taken by the LEA to continue delivering high-quality distance learning opportunities.

ACE added 3 professional development days to foster planning and transitioning to home instruction. ACE staff have kept collaboration groups, and continue to check in regularly with all students. We have kept grades in place, and held students to high expectations.

Provide a description of the steps that have been taken by the LEA to provide school meals while maintaining social distancing practices.

[Add text here]

Provide a description of the steps that have been taken by the LEA to arrange for supervision of students during ordinary school hours.

ACE Admin conducts regular check in's with students, based on data expressed from teachers using formative assessments. Teachers are asking students to log in during classtime for virtual learning platform lessons, and the ACE guidance counselor is speaking with students daily.
