VCSBA DINNER MEETING
The Vaping Epidemic
How Do We Solve it?

Vaping has become a major student health crisis on school campuses across the country, including here in Ventura County. E-cigarette devices like those made by Juul are easy to conceal and use without being discovered. And vaping liquid comes in hundreds of sweet flavors that appeal to young people. Federal, state and local governments are taking action to reduce youth vaping, and schools have a major role to play too. At this important presentation, you will learn what you can do as a trustee to combat the vaping crisis in your local districts. Our featured speakers are:

- Katherine Kasmir, Executive Director, Building Resilience and Inclusion Through Engagement (BRITE)
- Selfa Saucedo, Director of Health Education, Ventura County Behavioral Health

INVITEES: School Board Members, Superintendents, Assistant Superintendents, Spouses, Guests, & Student Board Members are invited to attend.

Board Members: please notify your superintendent whether you plan to attend

District Offices: make checks to VCSBA and send to:
VCSBA, Attn: Efrain Cazares, Treasurer
4200 Olds Road, Oxnard, CA 93033

RESERVATION DEADLINE: MONDAY, MARCH 2, 2020

Questions: Efrain Cazares: ecazares@oceanviewsd.org • Veronica Robles-Solis: vrobles-solis@oxnardsd.org
